DETAILED ACTION

Acknowledgment

1. The amendment after final filed on 6/32005 has been entered..

Allowable Subject Matter

2. Claims 1-36 are allowed.
3. The following is an examiner's statement of reasons for allowance.

The prior art does not teach the children's ride-on vehicle as recited in claims 1 and 26, which include a battery retainer assembly adapted to selectively retain the battery assembly within the battery compartment. The battery retainer assembly comprises a retaining member comprising a base portion adapted to selectively engage the distal surface of the battery assembly and a retaining portion coupled to the base portion and adapted to selectively obstruct removal of the battery assembly from the battery compartment through the aperture, wherein the retaining member is adapted to be selectively pivoted between a first position, in which the base portion extends generally between the aperture and the distal region of the battery compartment and the retaining portion is positioned to permit the battery assembly to be removed from the battery compartment through the aperture, and a second position, in which the base portion is moved generally away from the aperture relative to the first position and the retaining portion is positioned to obstruct removal of the battery assembly from the battery compartment through the aperture until the retaining member is returned to the first
